

HEALING & WELLNESS HEALTH RESOURCES & VIRTUAL HEALTH CARE PROGRAMS

PROVIDING VITAL SUPPORTS TO YOU AND YOUR FAMILY

The Métis Nation of Ontario (MNO) offers two important health initiatives to support Métis citizens across the province.

The **Health Resources Program**, administered by the Healing and Wellness Branch, offers financial assistance for a wide range of essential health services and products, such as prescription medications, diagnostic services, and medical devices.

The **Virtual Health Care Program** provides convenient, online access to supplemental medical care, helping to reduce wait times and ensuring citizens—especially those in rural or remote areas—can connect with physicians for non-emergent needs.

Both programs are accessible through the MNO website and are designed to reduce barriers to care, helping citizens access the services and supports they need to maintain their health and well-being.
